Chile Won't Enforce Ban On American News Agency

SANTIAGO, Chile, Sept. 26 (AP) — The Government announced today that it had decided to allow United Press International to continue operating in Chile.

However, the Government said that the news agency would to remove its present bureau manager in Santiago, Martin Houseman.

President Salvador Allende Gossens ordered the closing of UPI Sept. 15 because of a dispatch that it carried quoting a Colombian newspaper article linking Mr. Allende's Government of Communist guerrillas in Columbia.
